

## VAN WERT COUNTY FAIRGROUNDS

# PAVE THE WAY

### Van Wert County Agricultural Society Announces Repavement Project

The Van Wert County Agricultural Society has received \$200,000 from Van Wert County Commissioners office for the 2023 pavement project. These funds will be used to repave some of the roads that lead traffic around the perimeter of the grounds, which we are identifying as Phase 1. **For Phase 1 to be completed, we need to raise an additional \$100,000.**

The "Pave The Way" campaign has been established to enable individuals, groups/organizations and area businesses of all sizes to make a tax-deductible donation, which will directly fund the remaining roadways on the grounds. The renovation is broken into three phases: **Phase 1 (pink)** includes the perimeter and our most frequented gate entrances, **Phase 2 (green)** includes some other high traffic areas and **Phase 3 (blue)** will include repaving around the North side of the Grandstand track. **An additional \$100,000 is needed to complete Phase 1.** Any additional funds raised over the \$100,000 will go towards the future phases of the roadway improvement project.

Donors wishing to give to the Van Wert County Agricultural Society are encouraged to donate in increments of \$250.00. For every \$250.00 donation, the donor will be entered into a drawing for two (2) lifetime season passes to the Van Wert County Fair. Checks should be made payable to the Van Wert County Agricultural Society with "Pave the Way" in the memo line.

**Phase 1 of this project has an anticipated start date of early May, 2023 with a completion date of early June, 2023.**
